

The stylish all-rounder.

Whether for touring relaxation or sporty thrill, the amazing FX HO simply delivers. On the hunt for a Waverunner designed to maximise the riding pleasure? You will love this machine, whether you're alone, with your family or with your friends.

From our unique, revolutionary RiDE® system and lightweight hulls – to our exclusive electronic control systems – to the top-of-the-range, supercharged, four-stroke, 1,812cc engine in our most powerful model – the innovative technology and engineering integral to every Yamaha is right at the cutting edge.

Advanced design and sheer build quality add even more to the package and the result is a guaranteed excellent performance and thrill, together with the all-important rider comfort, required for a Cruiser.

- Large 5" LCD colour touchscreen
- Smartphone synchronisation capability
- GPS chart plotter ready
- Easy access glove box
- New ride plate and updated sponson position
- Improve ergonomics and operation switch box
- High Output, 1,812cc engine
- Longest, most comfortable hull in the range
- Unique 4-step tilt-adjustable steering system
- Revolutionary RiDE system

The stylish all-rounder.

Whether for touring relaxation or sporty thrill, the amazing FX HO simply delivers. On the hunt for a craft that can offer the perfect blend of performance and comfort, along with a range of features designed to maximise riding pleasure? You will love this machine.

The remarkable 1,812cc engine, with its high-pressure fuel pump and intelligent electronic throttle control system, delivers smooth, powerful and efficient performance. The elegant hull, combined with the remarkable RiDE® system, promises the most comfortable, stable handling you've ever experienced.

The FX HO is a true all-rounder, with features like No Wake mode and Cruise Assist, luxury seating for three, a large, stable swim platform, an extra-deep re-boarding step, dual grab handles and plenty of storage space that guarantee top-notch experiences when you're alone, or with your partner, family or friends.

High Output, DOHC, 16V, 1,812cc engine

Power delivery from the large displacement, High Output 1,812cc engine is exhilarating – and the Hyper-Flow jet pump with its three-blade impeller helps turn that power into electrifying acceleration. The Electronic Fuel Injection (EFI) gives the smoothest possible power output and efficient, economical running, even on regular unleaded fuel.

Aerodynamic shape

The capable hull of this FX model cuts through the water, providing stability on any trip. Impressively rigid and strong, it gives these machines awesome on-water performance with stunning acceleration, high top speed, great economy – and an even more comfortable ride.

RiDE® system (Reverse with intuitive Deceleration Electronics)

The revolutionary RiDE system transforms your riding pleasure, bringing a feeling of confidence to every rider... at every level. Simply pull the throttle lever on the right hand-grip to move forwards and accelerate. Pull the lever on the left hand-grip to slow down or to reverse. Yes, it's really that simple.

Complete control, minimal effort

Our sophisticated Electronic control system will delight you with its "intelligent" features. Use Cruise-Assist to set and maintain exact speeds, the three-position No Wake Mode to navigate through low-speed areas – and electronic Reverse-assist and TDE (Thrust Directional Enhancement) for ultra-low speed manoeuvring and docking.

Drive Control system

This latest generation of our well known "L-mode" system allows you to not only pre-set a top-speed limit, but also an acceleration curve, making it the perfect partner when you're towing tubes or wakeboards. You can also lock in lower speed settings for novice riders – and set a steady speed on longer trips in order to achieve maximum economy.

Luxury, comfort, footwell drainage – and easier re-boarding

From four-step, tilt-adjustable steering to a luxury three-person cruiser seat – and from practical pull-up cleats to a large swim platform with a deeper, wider, softer, more comfortable step and dual handles for re-boarding – this FX Cruiser really does have it all. Plus an industry-first footwell drainage system.

Engine

Engine type	4-cylinder;1.8 Liter High Output;4-stroke
Lubrication system	Wet sump
Supercharger	No
Displacement	1,812cc
Bore x stroke	86 mm × 78 mm
Compression ratio	11.0 : 1
Pump type	155 mm axial flow
Fuel	Unleaded Regular Gasoline
Fuel supply system	Electronic Fuel Injection
Fuel capacity	70 litres
Oil capacity	5.3 litres

Dimensions

Length	3.58 m
Width	1.27 m
Height	1.23 m
Dry weight	381 kg

Features

Storage capacity	168.3 litres
Rider capacity	1-3 people
