

Ride the EXcitement!

Jump on board and feel the dynamic thrill of this machine! EX Sport is made to let you taste the adrenaline you seek without compromising on Yamaha's world-leading reputation for reliability and attention to detail earned over many years.

Our WaveRunners are built with pure Yamaha DNA of quality, technological innovation and passion to excite. From the revolutionary RiDE system and lightweight NanoXcel2® hulls – to our exclusive electronic control systems – to the top of the range supercharged 4-stroke 1812cc engine in our most powerful model – your smile is what we work for.

Advanced design and sheer build quality add even more to the package, so the result is a guarantee of excellent performance and thrill, together with the all-important rider comfort!

- Clear and informative multi-function LED meters
- Speedo and Tacho + Fuel level and Hours Run
- Glove Box, plus in-bow and under-seat storage
- Large 50L fuel capacity - so the fun lasts longer
- Mechanical Reverse for easy manoeuvrability
- Compact, high-pressure Axial Flowjet pump
- Comfortable seating for up to 3 people
- Dual mirrors, re-boarding step and handle
- Yamaha TR-1 - a powerful 3-cyl 1049cc engine

Powerful Yamaha TR-1 - 1049cc 3-cylinder engine

Despite its surprising affordability, the exciting EX Sport is powered by the latest version of our innovative 3-cylinder engine, the 1049cc Yamaha TR-1. It's a compact, lightweight unit that packs real punch, with lively acceleration and great top-end power, plus the legendary economy and reliability you expect from a Yamaha.

Designed for all-round handling and performance

The smooth, quiet power, compact dimensions and light weight of the TR-1 engine, matched with the tough, durable and well-proven hull design, deliver a great mix of user-friendly handling, agility and balance. It has a mechanical Reverse too, so it all adds up to maximum fun and control, even for less experienced drivers.

Axial Flow jet pump - all the pressure you need

Exhilarating handling and exciting performance have long been hallmarks of the Yamaha WaveRunner. The instant 'bite' on the water and acceleration are made possible by a combination of a high-flow intake, axial flow jet pump and a stainless steel impeller, which runs within a precision-engineered housing.

Comfortable seating for up to 3 people

The ergonomically designed, precision-made seat is a very secure and comfortable place to be - perfect for solo riding or cruising with up to 3 people. The unusually high comfort level will make you feel like it's been custom-made to fit you. What's more, there's a very handy dry storage area underneath it.

Multi-function LCD instruments

Great-looking multi-function LCD instruments mounted in a stylish cockpit panel are not something you might expect on such a keenly priced, affordable watercraft - but you'll find them on the EX Sport. It offers clear, easy-to-read Speedometer and Tachometer displays, as well as informative readouts for Fuel Level and Hours Run.

Bow storage

Quick access to on-the-water essentials in the bow storage.

Features

Storage Capacity	29.0litres
Rider capacity	1-3 person

All information in this brochure is given for general guidance only and is subject to change without prior notice. We should all exercise **POWER WITH RESPONSIBILITY** and help preserve the great sporting opportunities and enjoyment we all derive from our involvement with personal watercraft. You must recognise too, that your Yamaha WaveRunner is actually a boat, so please learn and follow all the rules of the sea and waterways, take professional instruction where possible, and obey local rules and regulations, which may differ greatly from area to area. The photographs featured show boats being driven by professionals and no recommendation or guidance in respect of safe operation or style of use is intended or implied by the publication of any of these images. Read all instruction materials carefully before setting out and **ALWAYS** wear recommended protective clothing and a life preserver or lifejacket when boating. **NEVER DRINK AND RIDE.**
