- Drive Mode, Low RPM Mode and Security Mode
- Multi-Mount system for your accessories
- Deep step & dual handles for easy re-boarding
- Footwell drainage system
- Supercharged SVHO 1812cc engine with EFI
- Sleek body and hull design in

Supercharged 1812cc engine

This amazing SVHO (Super Vortex High Output) engine produces smooth, flexible power and features highly efficient cooling and air intake systems as well as strong engine internals. The large Hyper-Flow jet pump helps turn that power into electrifying acceleration - and the Electronic Fuel Injection (EFI) gives smooth and efficient power output.

Aerodynamic shape & hull design in NanoXcel2

The hull of this FX model is crafted in Yamaha's unique NanoXcel2 material. Impressively light, yet rigid and strong, it gives these machines awesome on-water performance with stunning acceleration, higher top speed, greater economy - and an even more comfortable ride.

RiDE system (Reverse with Intuitive Deceleration Electronics)

The revolutionary RiDE system transforms your riding pleasure, bringing a feeling of confidence to every rider... at every level. Simply pull the throttle lever on the right hand-grip to move forward and accelerate - pull the lever on the left grip to slow down or to reverse. Yes, it's really that simple!

Industry 1st colour touch-screen display

Clear display of F-N-R, speed, trim and RiDE system status, with diagnostic information and control of all the electronic systems, are features of this stylish, 4.3-inch colour touch-screen, CONNEXT. It is also fully customisable - from screen colour and layout to choice of the function being controlled or displayed.

Comfort, footwell drainage - and easier re-boarding

From tilt-adjustable steering to a 3-person seat, including a large swim platform with a deeper and wider step and dual handles for re-boarding, this FX model really does offer more comfort. Plus an industry-first footwell drainage system.

Unique simple-to-use security system

With this innovative system there's no separate remote control to worry about - just use a PIN code to set and unset your security and control modes via the handy switch - and a touch on the CONNEXT display screen.

Engine

Engine type	4-stroke;4-Cylinder;Super Vortex High Output
Supercharger	Yes (with intercooler)
Displacement	1,812cc
Bore x stroke	86.0 mm x 78.0 mm
Compression ratio	8.5 : 1
Pump Type	160mm Axial Flow
Fuel	Unleaded premium Gasoline
Fuel capacity	70.0litres
Oil capacity	5.3litres

Dimensions

Length	3.58 m
Width	1.27 m
Height	1.23 m
Dry weight	371 kg

Features

Storage Capacity	166.7 litres
Rider capacity	1-3 persons

All information in this brochure is given for general guidance only and is subject to change without prior notice. We should all exercise **POWER WITH RESPONSIBILITY** and help preserve the great sporting opportunities and enjoyment we all derive from our involvement with personal watercraft. You must recognise too, that your Yamaha WaveRunner is actually a boat, so please learn and follow all the rules of the sea and waterways, take professional instruction where possible, and obey local rules and regulations, which may differ greatly from area to area. The photographs featured show boats being driven by professionals and no recommendation or guidance in respect of safe operation or style of use is intended or implied by the publication of any of these images. Read all instruction materials carefully before setting out and **ALWAYS** wear recommended protective clothing and a life preserver or lifejacket when boating. **NEVER DRINK AND RIDE.**
